SUMMARY

Java Backend Developer specializing in Spring Boot and REST APIs, with hands-on experience building secure and scalable web applications. Developed AI-integrated and e-commerce systems with JWT authentication and real-time processing. Strong focus on backend architecture, API design, and production-ready features.

TECHNICAL SKILLS

Backend: Spring Boot, Spring Security, Spring Data JPA, REST APIs
Frontend: Thymeleaf, React (Basic), HTML, CSS, Bootstrap
Database: MySQL, PostgreSQL
Tools: Git, GitHub, IntelliJ IDEA, Eclipse
Core Concepts: OOP, MVC Architecture, DBMS, JWT Authentication, Microservices , Basic System Design.

PROFESSIONAL EXPERIENCE

Web Developer Intern
Creazione Software | Jan 2025 – May 2025

- Developed RESTful APIs for product, user, and order management in an e-commerce application
- Implemented authentication and authorization using Spring Security
- Designed backend modules using Spring Boot and MySQL
- Collaborated with frontend team to integrate APIs and resolve functional issues
- Improved application performance by optimizing database queries and API responses

PROJECTS

Personal Portfolio Website | Live Link | Mar 2026

- Designed and deployed a responsive, bento-grid inspired developer portfolio using Bootstrap 5 and AOS for modern UI/UX.
- Integrated Web3Forms API for a serverless contact system and automated email notifications.
- Showcased technical expertise in Java, Spring Boot, and REST APIs through interactive project cards

Career AI – Resume Analyzer & Career Assistant | GitHub **| Jan 2026 – Feb 2026**

- Built an AI-powered resume analyzer using OpenAI API to generate real-time career insights
- Developed backend services for processing user input and generating intelligent responses
- Implemented secure authentication using Spring Security with role-based access control
- Designed responsive UI using Thymeleaf and Bootstrap

MediNova– Pharmacy Web Application | GitHub | **Feb 2026 – Mar 2026**

- Developed a full-stack pharmacy web application for medicine search and order management
- Built RESTful APIs for scalable backend operations using Spring Boot
- Implemented secure login system with email verification and session management
- Designed complete order workflow including cart, checkout, and order tracking
- Structured application using MVC architecture for better maintainability

EDUCATION

Master of Computer Applications (MCA)
Dr. Babasaheb Ambedkar Marathwada University | 2023 – 2025
CGPA: 8.2

B.Sc Computer Science
Dr. Babasaheb Ambedkar Marathwada University | 2019 – 2022
Percentage: 70.90%

CERTIFICATIONS

Java Developer Certification
Giri's TECH HUB Pvt Ltd, Pune | 2025

- Covered Core Java, OOP concepts, JDBC, and Spring Boot development.
