SURAJ DHAKNE |Pune, Maharashtra| 9022153005 | Dhaknesuraj881@gmail.com | LinkedIn | GitHub

SUMMARY

As a **Java Backend Developer** specializing in **Spring Boot** and **REST APIs**, I have hands-on experience in building secure and scalable web applications. I have successfully developed **AI-integrated systems** and **e-commerce platforms** by implementing robust security using **Spring Security** and **Email OTP-based authentication** for secure user access. With a strong focus on **backend architecture**, **API design**, and **production-ready features**, I am dedicated to creating efficient software solutions while continuously improving my **technical and communication skills**.

TECHNICAL SKILLS

Backend: Spring Boot, java(core), Spring Security, Spring Data JPA, REST APIs
Frontend: React (Basic), HTML, CSS, Bootstrap
Database: MySQL, PostgreSQL
Tools: Git, GitHub, IntelliJ IDEA, Eclipse
Core Concepts: OOP, MVC Architecture, DBMS, JWT Authentication, Microservices, Basic System Design.

PROFESSIONAL EXPERIENCE

Software Developer Intern | **Creazione Software** | *Jan 2025 – Present*

- **Backend Development**: Building scalable web applications and RESTful APIs using **Spring Boot** and **Java**.
- **Security**: Implementing **JWT** and **Spring Security** for robust authentication and role-based access control.
- **Database**: Managing data persistence and integrity using **MySQL** and **PostgreSQL**.
- **Self-Driven Projects**: Developed full-stack applications including **MediNova** (Pharmacy System) and **Career AI** (OpenAI-integrated) to master system design.
- **Frontend Integration**: Connecting backend logic with responsive UIs using **Thymeleaf** and **Bootstrap 5**.

💼 PROJECTS

🌐 **Personal Portfolio Website | Live Link | Mar 2026**

- 🎨 Designed and deployed a responsive, bento-grid inspired developer portfolio using Bootstrap 5 and AOS for modern UI/UX
- 📩 Integrated Web3Forms API for a serverless contact system with automated email notifications
- 🧩 Showcased technical expertise in Java, Spring Boot, and REST APIs through interactive project cards

---

🤖 **Career AI – Resume Analyzer & Career Assistant | GitHub | Jan 2026 – Feb 2026**

- 🧠 Built an AI-powered resume analyser using OpenAI API to generate real-time career insights
- ⚙️ Developed backend services using Spring Boot for processing user input and intelligent responses
- 🔐 Implemented secure authentication using Spring Security with role-based access control (RBAC)
- 💻 Designed responsive UI using Thyme leaf and Bootstrap

💊 **MediNova – Pharmacy Web Application | GitHub | Feb 2026 – Mar 2026**

- 🛒 Developed a full-stack pharmacy web application for medicine search and order management
- 🔗 Built RESTful APIs for scalable backend operations using Spring Boot
- 🔑 Implemented secure login system with email verification and session management
- 📦 Designed complete order workflow including cart, checkout, and order tracking
- 🏗️ Structured application using MVC architecture for better maintainability

🎓 EDUCATION

Master of Computer Applications (MCA) Dr. Babasaheb Ambedkar Marathwada University | *2023 – 2025*

- **Grade**: CGPA 8.2

B.Sc. Computer Science Dr. Babasaheb Ambedkar Marathwada University | *2019 – 2022*

- **Grade**: 70.90%

📜 CERTIFICATIONS

Java Developer Certification Giri's TECH HUB Pvt Ltd, Pune | *2025*

- ☕ **Core Java**: Mastered OOP concepts, JDBC, RESTful APIs, and Spring Boot development.

🌐 LANGUAGES

- **English, Marathi, Hindi**
