PROFESSIONAL EXPERIENCE

Junior Software Developer Intern |**Creazione Software, Pune** |*Jan 2025 – May 2025 | 5 Months | Contract Internship*

- Developed and tested **5+ RESTful API endpoints** for product and user management using **Java and Spring Boot**, reducing manual data-handling efforts.
- Implemented **Spring Security with JWT-based authentication and Role-Based Access Control (RBAC)** to secure application endpoints.
- Designed and managed **relational databases using Spring Data JPA and MySQL**, including optimized queries for order and inventory workflows.
- Followed best practices in **API development, code structure, and debugging** while working in a team environment.

PROJECTS

Personal Portfolio Website | Live Link | *Mar 2026*

- Designed and deployed a **responsive portfolio website** using **Bootstrap 5 and AOS animations**.
- Integrated **Web3Forms API**, eliminating the need for a backend server for contact functionality.
- Showcased projects through interactive UI cards with GitHub and live links.

MediNova – Pharmacy Web Application | GitHub | *Feb 2026 – Mar 2026*

- Developed a **full-stack pharmacy platform** supporting medicine search, cart, checkout, and order tracking for end-to-end workflows.
- Designed and implemented **8 RESTful API endpoints** using **Spring Boot** for product listing, cart management, and order processing.
- Secured the application with **email-OTP verification and session management**, ensuring **0 authentication bypasses during testing**.
- Structured the application using **MVC architecture**, improving code maintainability and readability.

Career AI – Resume Analyzer & Career Assistant| GitHub | *Jan 2026 – Feb 2026*

- Integrated **OpenAI API** to generate real-time resume feedback and career suggestions, delivering responses in **under 3 seconds**.
- Built backend services using **Spring Boot** for user input parsing and intelligent response formatting with streaming support.
- Integrated **Spring Security** to handle user authentication and protect application endpoints.
- Designed a **responsive user interface** using **Thymeleaf and Bootstrap**, tested across mobile, tablet, and desktop viewports.
